Alistair and Joe,
Please prepare and file this new Palm case. Inventor contact info is included in the IDF attached.

{See attached file: 3574_MiniKeyboard.doc}

Alan,
Please note the Palm docket number for your records. Also, be sure during the inventor interview to acknowledge the prior art from Fujitsu (or was it Casio - anyway, it's the e-mail/ weblinked article I sent you) and distinguish the features of your proposed solution over that.
